Building with a Difference

Sierra View Company approaches construction as a partnership of experts. It is a team effort. As the general contractor, we're more than just skilled builders. Our real expertise is spearheading a collaboration of construction and design professionals to deliver on our clients' vision.

*From preconstruction to project completion,
the process is paramount*

Collaboration + Communication = Confidence

All aspects of Sierra View's service emphasize teamwork and communication. Sierra View's preconstruction goals are to listen, learn, and bring visions to reality. We take time to ensure all members of the team are on the same page: the owner, the architect, the engineers and the subcontractors.

Client Respect Brings Repeat Business

Sierra View is proud of our work with the most recognized and respected companies. We create buildings and environments where businesses thrive and people work, dine, shop, worship, heal, and play.

We earn our clients' confidence by adding value into all phases of our project delivery. From effective cost control to design/build expertise, Sierra View goes the extra mile to keep clients satisfied – and coming back for more.
