

PRE-CONSTRUCTION EXPERIENCE

Pre-Construction involves a thorough review and evaluation of a project, with a focus on constructability and planning. During Pre-Construction, **Sierra View** experts work with Owners, Architects, Engineers, and Contractors to create a plan for a smooth, successful build. Pre-Construction is the project-wide version of “*measure twice, cut once*” and ensures that the project will be completed on time and within budget.

“I believe they are the kind of company that understands how to be competitive, how to budget, and how to deliver a quality project.”

*- John Mikacich
Seka Hills*

WHO ARE WE?

Over the last 35+ years, **Sierra View General Contractor** has delivered value to our clients without compromising quality or service. We’ve earned a reputation for keeping our promises—jobs done right, on-time and on-budget.

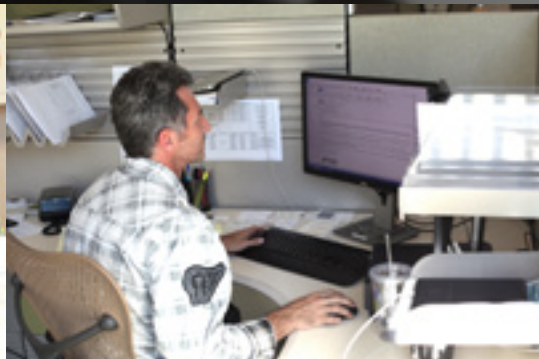

Transparent communication and a clear understanding of our clients’ goals and priorities serve as the foundation for a successful project.

BUILDING WITH A DIFFERENCE

WHAT YOU CAN EXPECT:

- *Pre-Planning involving all parties, including Owners, Architects, Engineers, Building Officials and Contractors*
- *A thorough, complete review of plans, specifications, permits, schedules, quality control hold points, submittal data, budgets, value engineering and all pertinent documents*
- *Constructability review*
- *Testing and Inspections requirements and schedules, including ADA/Code Compliance*
- *Project-specific quality control plan, including documentation and reporting schedules*
- *Material procurement*
- *Subcontractor selection*
- *Sustainability and Life-Cycle analysis*
- *Project scheduling and logistics*
- *Safety planning*

SIERRA VIEW - "YOU DREAM IT, WE'LL BUILD IT"

Sierra View's years of experience and team-based approach to the Pre-Construction process let us anticipate and manage problems in projects before they arise, giving you the smoothest construction build possible.

But don't just take our word for it. we'd love to show you how we do it.
